As the telltale expression goes, "a picture can say a thousand words" and sometimes those words can be a bit harsh on your winter-weathered skin. MOXIE for Men, a new luxury skin care line especially for men, has designed a trio of specially formulated products to renourish and replenish dry, over-stressed skin.

MOXIE for Men is the only skin care line available with the patented REGENERADE complex made up of a mixture of natural extracts from plants, minerals, and fruits. All products were blended, following the cold process of formulating which has maintained the true purity of the ingredients. At MOXIE, a team of skin care experts and chemists created a compound of rare extracts (REGENERADE) designed to deliver positive results for a man's skin. These powerful ingredients when combined together provide the following targeted benefits: Skin Renewal, Free Radical Defense, Environmental Shield, and Skin Nutrition.

The anti-aging 'cocktail' for maintaining enviable skin can be found in the following products:

DOUBLE-SHOT (Caffeinated Eye Cream)

Check those bags at the door! Nobody likes to see dark circles and puffiness after you burned the midnight oil or closed down a party. This moisture rich cream contains caffeine and frescolate to bring your eyes back to pre-inflation size. Allantoin strengthens and protects the delicate skin around the eyes. Key ingredients: Shea Butter, Vitamin E, Aloe Vera, Allantoin, Almond.

Retail value: \$45.00

ERAZER (Men's Microdermabrasion)

Like the Microdermabrasion Spa Treatment, Eraser will remove unwanted dead skin cells, and smooth the surface of your skin. Loaded with REGENERADE and Allantoin, your skin will have an improved firmness and healthier appearance. Allantoin strengthens and protects, REGENERADE™ fights free radicals and nourishes skin cells. Key Ingredients: Aluminum Oxide, Witch Hazel, Allantoin, Vitamin E.

Retail value: \$65.00

RELOADED (Age Fighting Serum)

Your most powerful weapon against premature aging. This serum is packed with L-ascorbic acid (Vitamin C), L-retinol AGP (Vitamin A), Vitamin E, and D-calciferol (Vitamin D) for collagen re-growth, skin renewal, and antioxidant properties. L-ascorbic acid strengthens skin elasticity. Retinol promotes new cell turnover and rich antioxidants help destroy harmful free radicals. Key Ingredients: Witch Hazel, Vitamins A, E, and C.

Retail value: \$85.00
